

**Our Lady of the Assumption  
Annual Golf Tournament  
September 24<sup>th</sup>, 2017**

Dear Parents/Guardians,

This is the same note sent out in June.

It's that time of year again! We are excited to begin preparations for our 5<sup>th</sup> annual, **Our Lady of the Assumption Annual Golf Tournament**.

The tournament will take place on Sunday September 24<sup>th</sup> at Monthill Golf Course in Caledonia. We are organizing this golf tournament with your help, to raise funds for the school and for our children so that they have resources to pursue activities that will maximize their learning. We are raising funds to help with the purchasing of learning resources and technology for the school. This year we are partnering our fundraising efforts with Bishop Ryan High School.

There are so many ways you can help with this great tournament! Please select one or more options from the list below and return the bottom portion to the school by Wednesday **June 28<sup>th</sup>**. Any way you can assist is greatly appreciated. Together we continue to support our wonderful children and school community.

**Please note that a great way to participate in your child's fundraiser if you do not wish to golf is by donating a prize for our silent auction. The items will be made available for bidding at our Meet the Teacher bbq as well as at the tournament. The school will be collecting the prizes right up until the day of the bbq. Another great way if you own a business or know someone who does is through sponsorship. More details can be found on our website below. Please consider seeking sponsorship as the money raised goes directly to the school.**

**While this event does very well for raising money for technology initiatives at our school, it is mostly through the donations of outside parties. Our goal this year is to get more families involved by either golfing, donating prizes, or sponsorship. We really appreciate it!**

Your contributions are very much appreciated. Last year's fundraiser raised close to \$10 000 to support technology initiatives for the students.

**Please visit our website for information and on how you can sponsor or donate at:**
